PROMOTION BONUS

Rule Book & Terms of Use

Please read this document carefully before opting in to the Promotion Bonus. By accepting the bonus, you agree to all terms below.

1. Overview

This Promotion Bonus is a marketing incentive offered exclusively to clients trading under a specific Introducing Broker (IB). It is a credit-type bonus intended to boost trading capital and is subject to the conditions set out in this Rule Book.

- The bonus is loss-able — it can be reduced or wiped out by trading losses, in the same way as any other capital in the account.
- The bonus is credited automatically to eligible client accounts opened under the specific IB.
- Participation in this promotion is deemed acceptance of every rule listed in this document.

2. Eligibility

1. Available only to clients whose trading account is registered and active under the specific, designated IB.
2. Applies to a qualifying deposit only; bonus is not applied retroactively to funds already deposited before enrolment unless stated otherwise by the broker.
3. The broker reserves the right to verify eligibility and to decline or reverse the bonus for accounts that do not meet the above criteria.

3. Bonus Rate & Amount

The bonus is calculated as 20% of the qualifying deposit amount.

Deposit Amount	Bonus Rate	Bonus Credited
$1,000 (minimum qualifying deposit)	20%	$200
$2,500 (example)	20%	$500
$5,000 (maximum qualifying deposit)	20%	$1,000 (maximum bonus)

- Bonus applies only to deposits between $1,000 and $5,000.
- The maximum bonus payable under this promotion is $1,000, regardless of deposit size beyond $5,000.
- Deposits below $1,000 do not qualify for the bonus.

4. Minimum Trading Volume

4. The minimum trade size to activate and use the bonus is 0.10 lots.
5. The trading system will not accept any order below 0.10 lots on a bonus-funded account.

5. Profit Cap (Linked to Equity)

Profit generated while the bonus is active is capped and cannot exceed a set multiple of your account equity (deposit + bonus). This prevents excessive exposure on promotional funds.

Worked Example

- Deposit: $1,000
- Bonus (20%): $200
- Starting Equity: $1,200 (deposit + bonus)
- Maximum profit ceiling: $2,300, and in some cases up to $2,400 depending on market movement and final broker approval.

The exact profit ceiling may vary case by case depending on market conditions and is subject to final confirmation by the broker.

6. Prohibited Trading Practices

STRICTLY PROHIBITED — VIOLATIONS RESULT IN ACCOUNT ACTION

Scalping: Not permitted on bonus-funded accounts. If detected, the account will be blocked and the available balance (including bonus and profits) will be forfeited.

Latency Arbitrage / Any Form of Arbitrage: Strictly prohibited, as it causes the broker to incur a loss. Accounts found engaging in this activity will be closed and funds forfeited.

7. Withdrawal of Bonus Funds

6. The Promotion Bonus is issued as a non-withdrawable credit amount, not as cash.
7. The bonus itself can never be withdrawn under any circumstance.
8. Only profits generated within the rules of this promotion — and within the applicable profit cap — may be eligible for withdrawal, subject to broker approval.

8. General Terms

9. The broker reserves the right to amend, suspend, or cancel this promotion at any time without prior notice.
10. Any breach of these rules may result in forfeiture of the bonus, associated profits, and/or suspension of the trading account.
11. All final decisions regarding bonus eligibility, profit caps, and approvals rest solely with the broker.

By using the Promotion Bonus, you confirm that you have read, understood, and agreed to all terms outlined in this Rule Book.
